PROFILE SUMMARY

Full Stack Developer with hands-on experience building production-grade web and mobile applications. Currently working at Escalo AI, delivering transformative software solutions across AI, web, mobile, and cloud computing. Completed a web development internship at PTV and developed multiple full-stack projects demonstrating modern development practices. Graduated with CGPA of 3.26

EXPERIENCE

Escalo AI (Remote)

May 2026 – Present

Full Stack Developer

React.js, Next.js, Node.js, Express.js, TypeScript, MongoDB, AWS, AI/ML Integration

- Developing transformative software solutions across AI, web and mobile app development, data analysis, and cloud computing for a diverse client base.
- Building scalable full-stack applications leveraging AI and edge computing to redefine industry standards and drive business efficiency and growth.
- Collaborating on cross-functional teams to architect and deploy AWS-based cloud-hosted platforms, ensuring high availability and robust security practices.
- Contributing to the company's mission of empowering businesses through cutting-edge technology for a smarter, more connected future.

Pakistan Television (PTV)

Apr 2024 – Jul 2024

Web Development Intern

React.js, Node.js, Express.js, MongoDB, JavaScript

- Gained hands-on experience in full-stack web development with modern frontend and backend technologies.
- Collaborated with senior engineers following version control and industry-standard code practices.
- Participated in requirement discussions and debugging sessions, strengthening understanding of real-world development workflows.

PROJECTS

MuteMate – AI-Powered Sign Language Learning App (Final Year Project)

Flutter, TensorFlow Lite, MediaPipe, Firebase, Supabase, OpenAI GPT-4, Google Cloud APIs, Python

- Built an intelligent, gamified mobile platform helping deaf and mute children (ages 5–12) learn sign language through AI-assisted 3D animated lessons, gesture recognition, and interactive games.
- Integrated TensorFlow Lite and MediaPipe for real-time hand landmark tracking and gesture classification, providing instant accuracy feedback during practice sessions.
- Engineered a Speech-to-Sign and Sign-to-Speech bidirectional translator using Google Cloud APIs, enabling seamless communication between non-signing adults and children.
- Implemented a SignBuddy AI chatbot (OpenAI GPT-4) for parents, offering contextual sign guidance, plus a gamification engine with badges, avatar rewards, and performance-based titles.

French Arabians Perfume Store – Full Stack E-Commerce Web Application [Github Repo](#)

React.js, Node.js, Express.js, MongoDB, Cloudinary, Redis, Tailwind CSS

- Built a full-stack e-commerce platform with secure authentication, product browsing, cart and order management, and Redis caching to accelerate product fetch times.
- Developed a responsive React frontend with real-time Snackbar alerts and confetti animations on successful purchases to enhance user experience.

FORTVA – Unified Contract & Document Management System (Real World Project) [Github Repo](#)

React.js, Supabase, Tailwind CSS, TypeScript, Vite, AWS S3, Calendly, DocuSign, Paystack

- Collaborated in a cross-functional team to engineer a centralized enterprise platform for managing legal contracts, featuring document status-tracking pipelines (Draft/Pending/Signed) and automated deadline reminders.
- Built a scalable file management system using AWS S3 with custom React hooks for multi-file uploads; integrated Calendly, DocuSign for e-signatures, and Paystack for payments.

PES Global Group – Professional Corporate Website (Frontend) [Github Repo Website](#)

React.js, Next.js, Tailwind CSS, Framer Motion, SSR

- Developed a high-performance Next.js frontend with SSR for optimal SEO, smooth Framer Motion animations, and a fully responsive Tailwind CSS UI for a global multidisciplinary engineering group.

Behavioral Health OS – Clinician Dashboard & Growth Platform (Full-Stack) [Github Repo](#)

React.js, Supabase, Tailwind CSS, Ant Design, Vite, RESTful APIs

- Built a HIPAA-compliant 12-screen clinician dashboard for patient management, telehealth, and billing alongside a public-facing growth funnel using Supabase, Ant Design, and Tailwind CSS.
- Implemented a complete analytics engine scoring performance against business targets (Pass/Watch/Fail) and providing data-driven scale recommendations.

DriveVibes – Virtual City Driving Experience [Github Repo Website](#)

React.js, Tailwind CSS, YouTube Data API v3, Radio Browser API, GeoDB Cities API, Vercel

- Built a virtual travel app integrating four external APIs letting users watch driving POV videos while listening to live local radio across 190+ countries with zero hardcoded data.
- Implemented an ad-free Invidious video system with multi-instance fallback and a cinematic dark UI with glassmorphism panels and debounced city search autocomplete.

Infrastructure, Deployment & DevOps

AWS EC2, Elastic Beanstalk, S3, Jenkins CI/CD

- Architected and deployed full-stack applications on AWS (EC2 and Elastic Beanstalk), configured IAM roles, security groups, and S3-based static asset hosting.
- Engineered a Jenkins CI/CD pipeline automating build, test, and deployment processes, reducing manual effort and improving release consistency.

EDUCATION

COMSATS University, Islamabad

Sep 2022-Jun 2026

Bachelor of Science in Computer Science • CGPA: 3.26

SKILLS

Frontend: React.js, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS, Bootstrap, Material UI, Framer Motion

Backend: Node.js, Express.js, RESTful APIs, JWT Authentication, Session Management, Redis

Database: MongoDB, MongoDB Atlas, Mongoose ODM, MySQL, Supabase (PostgreSQL), Firebase Firestore

Cloud & DevOps: AWS (EC2, Elastic Beanstalk, S3), DigitalOcean, Git, GitHub, Jenkins, Netlify, Vercel

Mobile: Flutter, Dart

AI/ML & Tools: TensorFlow Lite, MediaPipe, OpenAI API, Cloudinary, Calendly, DocuSign, Paystack

E-Commerce: WordPress, WooCommerce, Shopify, Wix

Languages: JavaScript, TypeScript, Python, Java, C++

Currently Learning: Docker, Kubernetes, Machine Learning
